

Miró.

Jika Garcia

Miró liked to draw with his hands
He also liked to draw collage and stars

Juan Miró was born the 20 of April
of 1893 in Barcelona. In 1900 he started
to go to the school and discovered
that he liked drawing. And then his parents
they signed him up of a painting
class. But in 1911 he got ill and
he went to live in Mont-roig.
And he decided to be a painter.

Did you know that the
Minguans? Maybe
a picture of them
led with deer?
Did you know that
a picture of them
was found?
